THE PRINCE OF WALES SPEAKS ON HEALTH.

In his able and timely remarks at the opening of the International Congress of Hygiene, at St James's Hall, London, August 10th, 1891, the President, the Prince of Wales, said :- "The highest possible prosperity is when rich and poor enjoy the best possible health and vicour. Very true, but how can the public health be Fixed Deposit. best promoted? Clearly by such preventive measures as the Congress meets to consider, and by reliable remedies so long us certain diseases continue to prevail. We submit an example of the latter necessity

in the form of a statement which cannot fail t

convince the minds of all who may read it.

I, Margaret Morland, of Throstle Nest Farm, Haya Park, near Knaresboro'. Yorkshire, de solemnly and sincerely declare as follows:--"I have suffered all my life from a weak stomuch, indigestion, and liver complaint. I was never properly well but always ailing and never seemed to gain strength. I had a oad taste in the mouth and a strange sinking feeling at the pit of my stomach. I had always pain after eating, no matter how simple the food was. My appetite was poor and what little I ate did not seem to give me strength. I had great pain at the chest and sides and felt as if I was held or bound round my waist. I was much troubled with sickness and very often found no ease until I vomited all the food I had taken. I felt low, weak, and depressed, as if something was hang ing over me. I could not sleep at night, and got so bad that I even dreaded going to bed, for would lis awake for hours together, and on rising in the morning I felt worse tired than Authorised Capital£2,000,000 when I went to bed. As years went on I became a bad colour, my skin and particularly the whites of my eyes were tinged of a yellowith colour, and at times I was as yellow as a sovereign. In August, 1380 my stomach became very irritable and everything that I took turned sone on my stomach, and I was constantly vomiting a foulbitter fluid or gas. I took little or no nourishment, and after each morsel of even liquid food strained and vomited as if my poor inside would come out. The pain at my heart now became so severe that I became alarmed and sent for our doctor, who attended me for ten or twelve weeks, but all the medicine he gave me did no good. The doctor seem d puzzled with my complaint and changed the medicine over and over again, but still I got worse instead of better. At last I lost all faith in physic and gave up taking it. Now better, now worse, I continued until July, 1883, when my kidneys became affected. I had dreadful pain in the back and could not void my water. My skin was dry and hot, my lips parched and feverish.

After a time the water lodged so bad that I thought I should have died. I grow weaker and weaker every day, and felt that if a change did not soon take place my condition would be critical, for the p in was men than I could bear. could not bide to lie in bad, and had to get out of bad and walk about the room. I took all kinds of medicines but nothing gave me more than temporary relief, and I dragged on in this miserable state antil December, 1888, when Mr. Day, the chemist at Knaresboro', sont me a book telling of a medicine called Mother Seigel's Curative Syrup, and I read of a case similar to mine having been cured by this medicine. determined to try it, and sent to Mr. Day and produced a large battle of the Syrup and com- I MAN Hup, Esq. menced taking it. I could n waleep better and gradually gained strength every day, and by the time I had taken a 4/6 bottle I was better than ever I was in my life, kept in good health. I may mention that I paid Shareholders or not. over vix pounds to one doctor and did not receive any benefit whatever. I feel very grateful for the great benefit I have received from Seigel's Syrap, and I wish others to know of it. I have recommended the medicine to many people in this district with great benefit. My daughter, Mrs. Ware, living at York; was cured of severe dyspensis after every other means had falled. If by publishing this statement others may be benefited I shall be very glad, and I hereby give permission to the proprietors of Seigel's Syrup to make any use they may think fit of this testimonial, and I make this solemn declaration conscientiously believing the same to be

true. By virtue of the Provisions of the Statutory Declaration Act, 1835. (William IV. Declared before me at Leeds, in the County of York, by the said Mar-garet Morland, on Monday, the 10th day of Au | Margaret Morland. (Signed) ALE. COOKE, Mayor of Leeds.

He was present at FIRE INSURANCE COMPANY, OF 187 Leeds when the foregoing declaration by his wife was read, and vouched for its accuracy and truth.
